Cal Botterill | Football Scout & Analyst

Performance-led scouting focused on player evaluation, tactical context, and role-fit decisions in real match environments.

calwbotterill@gmail.com | 07584693950 (Phone / WhatsApp) | squadiq.co.uk

PROFILE SUMMARY

I analyse players, break down tactical performance, and produce recruitment-focused reports from live and recorded match observation. My process blends sports science understanding with practical football knowledge to deliver clear, actionable scouting outputs.

SCOUTING FOCUS

- Player evaluation and role suitability assessment
- Tactical and opposition analysis with structured reporting
- Recruitment profiling linked to team context
- Performance communication for coaches and decision-makers
